

NOTICE OF PUBLIC MEETING

Date: Monday, April 28, 2025 (rescheduled from originally planned date of April 21, 2025)

Time: 6 – 8 PM

Place: zMAX Dragway Pavilion

Address: 6570 Bruton Smith Boulevard, Concord, NC 28027

Meeting Purpose: To discuss the results of the Assessment of Corrective Measures for the BFI Waste Systems of North America, Inc.-Charlotte Motor Speedway, Landfill V

A groundwater Assessment of Corrective Measures (ACM) Report was submitted to the North Carolina Department of Environmental Quality (DEQ) on November 18, 2024, which evaluated and proposed methodologies available to mitigate certain environmental impacts at the BFI Waste Systems of North America, Inc.-Charlotte Motor Speedway, Landfill V. The ACM Report was developed in accordance with applicable DEQ rules and pursuant to correspondence from DEQ. The primary purpose of the ACM Report was to provide descriptions and discussions of viable alternatives for mitigating impacts to groundwater in accordance with the assessment of corrective measures process described in DEQ Rule 15A NCAC 13B .1635.

According to DEQ Rule 15A NCAC 13B .1635(a), an ACM is required to be initiated for wells that exhibit Groundwater Protection Standard (GWPS) exceedances for one or more Appendix II constituents for two consecutive events. Review of groundwater data indicated Appendix II parameters statistically exceeded their respective GWPS for various inorganic and organic compounds at various wells.

In accordance with 15A NCAC 13B .1635(d), BFI Waste Systems of North America, Inc.-Charlotte Motor Speedway, Landfill V is now required to conduct a public meeting by at least May 14, 2025 to discuss the results of the ACM. The Public Meeting is scheduled to take place from 6 to 8 PM on Monday April 28, 2025 at the zMAX Dragway Pavilion. The address of the zMAX Dragway, which includes the Pavilion, is 6570 Bruton Smith Boulevard, Concord, NC 28027 (park in the parking lots in front of the zMAX Tower and enter in at Gate 1).
